

Ruth Chap. - Blaine Installation
Travel Addenda for Jeannette & Lloyd 1961

Please step down, your car is approaching - - - - -

About Star travel you must have some coaching.

Your Officers want to help you tonight,

To start your journey, in a way that is right.

Now the Matron and Patron are in their car,

"Go" begins their journey in Eastern Star.

As road signs go by, relax a bit,

And please accept this travel kit!

The signs are to help you ease your load,

So pay close attention as you drive down the road.

"RAILROAD CROSSING", then for "OPEN HILLS"

We're sure you can use some energy pills!

"WINDING ROAD" and "SCHOOL ZONE" too,

A brand new road map should get you through.

You'll soon forget it's a "ONE WAY STREET"

For "MIDSIDE ATTRACTIONS", you're bound to meet.

"CAUTION" is a good sign to heed

Careful now --- watch your speed!

But - if you get a ticket and go to jail

Here's some money to pay your bail!!

CHECKED BY RADAR?" That's not quite fair
While the Deputy Instructor is home in her chair!
Your work has got to be perfect and right
With this kind of checking, both day and night!!

This sign is big -- it says "CURVES"
Serving in the East is hard on the nerves!
Here's a tonic we made for you --
It beats Nervene and Hadmeal too!

"SLIPPERY WHEN SET" here are tissues for you
For you may even shed a tear or two.
"HOSPITAL ZONE" -- "DO NOT ENTER" -- no, no!
Patch up with band aids and keep on the go!

Your travels will take you near and far
For such is the life in Eastern Star.
As homeward you go -- when you've been on the bus
We're sure this is the song you'll hum.

Song

"STOP" -- You've arrived at your home at the bay
Come on! get out, what do you say?
Ruth Chapter presents these roses with pride
To climax the end of a perfect ride!
