

Welcome, our Charter Members, you who gave us our Chapter. We honor you as we commemorate the founding date. Someone has said: "The dreams and hopes and plans and purposes of yesterday become the realities of tomorrow. The story of a year or a lifetime closes but its steadfastness, honor and labor of love is immortal." Your vision became a reality in this Chapter and its achievements. We, in turn, dream and hope and plan for tomorrow, knowing that our good purposes will materialize in the fraternal life of those who come after us. Welcome once more, and

"Through all your days - contentment,
Through all the years - good luck,
Through sunshine - Gay and happy hearts,
Through shadows - faith and pluck;
Through this dear day and those you'll meet
True love - to make life mighty sweet."
